

COVID Updates-

Please note that some of the items listed in the course guidelines will change due to COVID guidelines and regulations. One example, instead of using the sewing machines, I am planning on utilizing hand sewing more so students can use their own set of supplies, rather than share.

At this point I will still be trying to have cooking labs with the required changes. If I am able to meet the regulations and the students comply I will continue to do so with smaller groups of students than in years past. If you would like to see the FCS guidelines and recommendations, please click on the link I have included on my class page.

Thank you for being understanding.
