

Google Classroom-

Each of my classes has a google classroom. At the beginning of the school year we took time in class to make sure every student was added into the classroom(s). Each individual class has its own google classroom so, for example, if a student is in Creative Cooking and Sr. High FACS Elective, they are in two separate google classrooms as well. Weekly lesson plans are posted on each google classroom page. A parent or student guardian can be added into the classroom upon request.
